**Faction Will Assist the Democrats in the Lower House**

**In Securing an Investigation.**

**Resolution Introduced to Have the Conduct of the State Treasurer's Office Investigated. Foraker Men See a Chance to Get Even.**

Columbus, O., Feb. 18.—The session of the house of Representatives Monday afternoon was a brief one, but there was an intense rush of business and a large supply of legislative grist was dumped into the hopper. One of the most important introductions came in the shape of a resolution by Representative Sharp (Dem.) of Fairfield county, asking that an investigation be made of the state treasurer's office extending back over a period of 15 years. The resolution provides that a committee of three be appointed by the speaker, whose duties will be to "count all monies in the treasury and investigate whether or not there have been any irregularities, such as illegal loans of money or advances on which interest premiums have been paid to any one, and report as soon as practicable." The committee is given power to summon and examine witnesses. The resolution went over under the rule which requires resolutions to be read on two separate days. It is rumored that the Foraker faction of the majority side of the house will support this resolution, as a means of retaliation for the active part taken by Treasurer Cameron in the recent house organization. While the resolution in its composition intimates that there have been irregularities at some time in the past 15 years, there are no specific charges so far as is known, and the author of the resolution had no statement to make.

Mr. Guerin of Erie county introduced a bill to provide for the extension of the terms of the judges of the supreme court to 12 years.

Mr. Sharp of Fairfield introduced a new school book bill providing that a board be created, consisting of the governor, the secretary of state and the commissioner of common schools, whose duty it will be to purchase the copyrights on all school books used in the state and print such books, selling them to school children at actual cost to the state.

Mr. Wayne of Hamilton county introduced a bill to provide that all mortgage securities expire 15 years after the debt which they were to have secured become due.

Mr. Willis of Fayette county introduced a bill to give \$300 commutation to Eban Hinkle, who was paroled from Andersonville prison and then drafted back into the service after he had been home.

Mr. Anthony of Greene county introduced a bill to provide a penalty of from one to five years for the offense of bribing jurors. The penalty under the present law is a fine of \$500. Mr. Mauck of Lawrence offered a measure which will abolish all boards of inferior directors and put their duties upon the county commissioners, who shall be paid an additional salary of \$100 per year.

The "real" redistricting bill, by Mr. McDonald of Montgomery county, was introduced. This is the bill which makes the Third and Twelfth districts Republican under normal conditions.

Other bills were introduced in the house as follows: To establish a substitution for experimenting in tobacco culture; to amend the law so as to require all county officers in counties having cities of 25,000 or more to publish their reports in two newspapers; to authorize the board of education of Cincinnati to refund \$250,000 of bonds; to provide for ward local option on petition of the majority of voters, petition to be passed upon by mayor or common pleas judge; to take effect 30 days after the filing; to authorize Wilmington to issue \$5,000 library bonds. Carnegie has given \$10,000 with which to buy a site.

In the Senate.

In the senate there was a short discussion over the Demuth bill to require that a physician be called in all cases where children under 15 years are sick. It was read for the second time and Senator Harding moved that it be postponed indefinitely. There was a sharp debate, but the motion was lost by a vote of 15 to 13. The bill was referred to the judiciary committee, where it is likely to remain until after the session.

Bills were introduced in the senate as follows: Mr. Hosce, providing that all common pleas judges be paid \$5 per day additional while serving away from their homes; Mr. Hosce, creating a special school district at Crescentville, Hamilton county; Mr. Hosce, providing that all parties to a suit be indexed. As the law now stands only plaintiffs and defendants are indexed.

Senator Echert of Cincinnati introduced a bill to provide for the punishment of farmers who use paris green on tobacco while growing for the purpose of killing worms. The bill was introduced upon the request of Cincinnati tobacco dealers.

## CITY TIED UP.

**Spanish Strikers Entirely in Possession of the City of Barcelona.**

Barcelona, Feb. 18.—This city is now in the throes of a universal strike. Except for wandering bands of men, it is like a city of the dead. No vehicles appear on the streets and not an ounce of food or pint of milk is being delivered. A few persons who bought food today were waylaid in the streets and the parcels seized. During the disturbance which occurred yesterday three persons were killed and thirty-nine were injured.

## DANISH

**Treaty Ratified in Short Order in the Senate.**

Washington, Feb. 18.—In a little more than an hour's time the senate disposed of the treaty with Denmark relating to the United States, for a consideration of \$5,000,000, the island of St. Thomas, St. John and St. Croix, composing the group of the Antilles known as the Danish West Indies, and thus, so far as this country is concerned, consummated a transaction which has been under consideration intermittently since the administration of President Lincoln. The treaty and the report on it were read at length, and more or less discussion of the proposition was indulged in.

## ORIGINAL

**Maker of Artificial Legs Dies at Springfield.**

Springfield, Mass., Feb. 18.—DeForest Douglass, the original maker of artificial legs, died here yesterday, aged 75. For twenty-five years he had a contract with the government to furnish it with artificial legs. He took out his patent in 1860.

## Believes the Rumor.

London, Feb. 18.—The Paris correspondent of The Daily Chronicle believes there is some truth in the rumor that an Irish revolutionary committee has been started in Paris by an Irish-American, who has just returned from South Africa for the purpose of aiding the Boer cause by a reign of dynamite and terror.

## QUESTION

**Of Southern Elections Discussed**

**In a Caucus of Republican Member of the House.**

**Quorum was Not Present But a Resolution was Passed Asking for a Measure Relating to the Matter.**

Washington, Feb. 18.—The Republican members of the house of representatives held a third caucus to consider the question of southern elections. The attendance was not as numerous as at former gatherings. Speaker Henderson not attending and only 86 Republicans out of a total of 199 being present. This was short of a quorum, but the meeting proceeded with speedy and definite results, a resolution being adopted asking the house committee on rules to report a resolution for a special investigating committee of 11 members to consider questions relating to the disfranchisement of voters.

It was stated by the members of the caucus that the unanimous action of 86 members would undoubtedly be accepted by the committee on rules, notwithstanding the absence of a quorum, and it was pointed out by these members that the 86 are affirmative votes and would have been a majority if a quorum had been present.

## The Weather.

Washington, Feb. 18.—Ohio, fair to night and Wednesday.

## FLAMES

**Wreck a Sanitarium at Battle Creek.**

**Four Hundred Patients Saved With Difficulty.**

**One Woman and One Girl Became Excited and Jumped from a Third Story Window—Will Recover.**

Battle Creek, Mich., Feb. 18.—The Kellogg sanitarium was burned early this morning. Four hundred patients were gotten out with difficulty, many partially overcome by smoke. One woman and a girl became excited and jumped from a third floor window. Both suffered broken limbs but will recover. The loss, \$500,000, well insured.

## Was Tired of Life.

Buffalo, Feb. 18.—Mrs. J. P. Allen, 28, who came to Buffalo from Fairport, O., took carbolic acid with suicidal intent. She was removed to the emergency hospital, where she died. Mrs. Allen left a note saying that she was tired of life.

## Physician's Report.

Gretton, Mass., Feb. 18.—The progress of the president's son in his convalescence from the recent attack of pneumonia continues most favorable. It is announced by Dr. Warren.

## Struck by a Train.

Columbus, O., Feb. 18.—John Owens, a Toledo and Ohio Central conductor, was struck by a train here and instantly killed.

## Chicago Man Wakes Up.

Washington, Feb. 18.—The postmaster general received a conscience contribution of \$27 in currency from Chicago.

## Turf Winners.

At San Francisco—Rotary, Gavota, Wyoming, Colonel Balfanz, Dunblane, Parsifal.

At New Orleans—Miss Sook, Merry Sister, Dugmore, Scudler City, Menace, Choice.

At Charleston, S. C.—Nina B. L., Dr. Worth, Sam Lazarus, Esp. Mudder, Aborigine.

## THE MEAT OF IT.

Haps and Mishaps in Paragraphs Cut to the Core.

Destructive floods have occurred in Cape Colony.

James J. Jeffries is sick with the grip in New York.

Frank M. Beckwith was lodged in jail at Bellefonte, Pa., charged with the murder of his wife.

General Frederick Funston has fully recovered from the surgical operation performed two weeks ago.

Two masked men held up the inmates of a gambling house at Clinton, Ia., and relieved them of \$2,000.

A permit was issued in Chicago for the erection of the largest office building in the world, to cost \$3,000,000.

Employees of Singer sewing machine works at South Bend, Ind., to the number of 1,600, went out on strike.

## NEXT

**Move May be Made in Court.**

**An Injunction**

**Proceeding May Result from the Action**

**Taken by the City Council in the Kibby Street Paving Matter.**

**The Street Has Been Accepted—Contest is Now On in Earnest for the Second Street Paving Contract.**

The city council met in regular session last night with president Davis in the chair and the following members present: Shanahan, Baumgardner, Haeger, Overly, Linderman, McCullough, Jameson, Sherman, Hoyt, Moses, McCauley, Klippe and Scully. Minutes of last meeting were read and approved.

Mr. Shanahan reported that the special committee appointed to prepare a gas ordinance was not yet ready to report but would report at the next meeting.

The paving committee again recommended the acceptance of the west Kibby street improvement.

Mr. Baumgardner moved to refer the report back to the paving committee with the engineer, solicitor and paving committee.

Contractor Wells declared that the improvement was already completed and that he had deposited a certified check as a guarantee for any repairs that might be needed when the weather becomes favorable for making them.

S. A. Fletcher, of the citizens' committee, opposed the proposed acceptance of the improvement and exhibited samples of the lake sand required by the specifications and the stone sand that was used in its stead. He declared that the filled in the street was too soft and that the property owners would not stand for the acceptance of the street in its present condition. The citizens, he said, wanted no more "slop" sewer affairs.

The solicitor said he did not believe the street to be in such bad condition as was reported and advised the council that it could be accepted.

Mr. Overly defended the contractor and after some discussion, Mr. Baumgardner's motion was defeated, Messrs. Baumgardner and Moses voting yes, and Messrs. Sherman and Shanahan declining to vote. The recommendation of the paving committee was then adopted.

Mr. Fletcher notified the solicitor to enjoin the acceptance of the improvement and the next move will probably be made in the courts.

Nelsonville block was adopted as the material to be used in the paving of Second street and Jameson avenue.

Engineer reported that T. J. Mulligan was the lowest regular bidder for the Second street work.

Mr. Scully asked if it was not a fact that Spyker & O'Brien's bid was the lowest, and moved to award the contract to that firm. The engineer said that the recommendation to award the contract to Mr. Mulligan had been made under the advice of the solicitor.

After long discussion the whole matter was referred back to the paving committee.

Applications of a number of property owners for reduction of improvement assessments were referred to the solicitor.

## SCHOONER

**Stranded During a Blinding Snow Storm.**

Ocean City, Md., Feb. 18.—The four master schooner Anna Murray, of New York, Capt. D. K. Quinn, stranded on a bar south of the Indian river life saving station yesterday during a blinding snow storm. Crews from Indian river and Fenwick Island life saving stations shot tackle aboard the schooner. The breeches buoy was used and 35 trips were made to bring the crew ashore.

## CUBAN

**Reciprocity Question to Come Up**

**Since the War Revenue Measure Has Passed.**

**Republican Members of the Committee Will Hold an Early Conference to Consider the Proposition.**

Washington, Feb. 18.—With the passage of the war revenue reduction bill in the house informal plans are being considered on both sides of the chamber for the consideration of the Cuban reciprocity question now pending before the ways and means committee. There is a pretty general understanding among the Republican members of the committee that they will confer on the subject later in the week. The Democratic members of the ways and means committee met immediately after the passage of the war revenue repeal act to consider plans for dealing with the Cuban reciprocity question when it comes up. No definite line of action was determined upon.

## TROUBLE

**Brewing Among Indians in Indian Territory.**

Muskogee, I. T., Feb. 18.—A band of about 20 of Crazy Snake's followers, led by Chitto Harjo, surrounded the home of ex-Chief Ishparhicher, former chief of the Creeks, six miles south of Beggs, I. T., and demanded that he give up a United States flag which he possessed. This flag is an emblem that the Creeks consider to stand as authority for any act committed by its possessor, and was given to Ishparhicher as showing the authority given by the government. The ex-chief refused to give up the flag. Marshal Bennett of the Northern district of Indian Territory has authorized his deputy at Sapulpa to organize a posse and use his own judgment in quelling the trouble.

## ADMIRAL

**Dewey Has Declined an Invitation**

**To Dine at an Affair in Honor of Prince Henry.**

Begs to be Excused from the Honor On Account of the Illness of Mrs. Dewey—His Reply to the Message.

Palm Beach, Fla., Feb. 18.—Admiral Dewey received the following dispatch from Washington: "Will you dine with me on Feb. 26, at 7:30 p. m., to have the honor to meet his royal highness, Prince Henry of Prussia?"

"HOLLEBEN, Imperial German Ambassador."

Admiral Dewey replied as follows: "I regret exceedingly not to accept your invitation to dine and have the honor of again meeting his royal highness, Prince Henry of Prussia, but Mrs. Dewey is too ill for me to leave her."

"GEORGE DEWEY, Admiral of the Navy."

## Whisky War.

Pooris, Ills., Feb. 18.—A cut in the price of distilled spirits was announced, and now the basis for finished goods is \$1.28. While neither the representatives of the trust nor the independent houses will talk concerning the cut, they both admit that it is the beginning of a war.

Almost Unanimous.

St. Paul, Feb. 18.—With only one negative vote the state senate passed the bill appropriating \$25,000 to pay the expenses of the legal contest against the so-called merger of the Northern Pacific and Great Northern railways.

## Army Officer Suicides.

Columbus, O., Feb. 18.—At the barracks in this city, surrounded by brother officers, Lieutenant Clarence M. Furey shot and instantly killed himself. No cause is assigned for the rash deed.

Law Declared Invalid.

Butler, Mo., Feb. 18.—In a decision by Judge Graves, the bill passed by the last legislature putting a tax on whisky was declared invalid.

## SPECIAL

**Order Rushed the Revenue Repeal Measure Through the House.**

**Met Practically No Opposition**

**A Stormy Debate Preceded the Adoption of the Rule, the Democrats Claiming Its Purpose was to Prevent a Full Expression of Opinion.**

Washington, Feb. 18.—The unexpected happened in the house when the bill to repeal the war revenue taxes was passed unanimously, without a word of debate. This action was the outcome of a challenge thrown down by Mr. Richardson of Tennessee, the minority leader, after the adoption by a strict party vote of a special order for the consideration of the bill, which permitted debate upon it until 4 o'clock Tuesday afternoon, but cut off all opportunity to offer amendments except such as had been agreed upon by the ways and means committee. The adoption of the rule had been preceded by a stormy debate, in the course of which the Democrats protested against the application of the "gag," which Mr. Hay of Virginia charged was meant to prevent a free expression, not only by Democrats, but by some of the Republicans, attention being especially directed toward Mr. Babcock of Wisconsin, the father of the bill to amend the steel schedule of the present tariff law. They also charged that such a method of procedure was minimizing the influence of the house and making it simply a machine to register the decree of the few men in control. Mr. Babcock said that he supported the program on the ground that the issue presented for the repeal of the war revenue taxes should not be complicated with other matters. At the same time he gave notice that he should press his own bill at the first opportunity. Mr. Dalzell of Pennsylvania scored a point against the minority by recalling the time under Democratic control of the house when 649 amendments to the Wilson tariff bill had been forced through without being read. When the rule was adopted by a vote of 160 to 120, Mr. Richardson, to emphasize the fact that debate on the bill could accomplish nothing and that deliberation upon it would be fruitless, asked unanimous consent that the bill be placed upon its passage. The objection was voiced, and the vote was taken forthwith. Every vote, 278 in number, was cast in the affirmative, and thus quietly and unanimously came the end of what at one time had promised to be one of the most exciting contests of the session.

## GIGANTIC ICE GORGE

**Has Nearly Two Hundred Miles of the Ohio in Its Frosty Clutches.**

Parkersburg, W. Va., Feb. 18.—The Ohio river is almost a solid mass of ice from here to points above Wheeling. It is gorged here, solid to the bottom of the river, the average thickness being from eight to ten feet. Ice four above is still pouring in thickening the gorge which will soon be solid to Pittsburg, a distance of two hundred miles. River men are much alarmed. The gorge caused the water to back up three feet at Wheeling, yesterday.

## ITALY THREATENED

**With a Strike That May Extend to All of the Important Towns.**

Rome, Feb. 18.—Thousands of workmen here have begun to meet to decide whether there shall be a general strike in all of the important towns of Italy. In Rome an entire garrison is under arms with artillery ready. A meeting, attended by six thousand unemployed persons, was held today. The men were surrounded by troops. Anarchists are preaching an immediate strike while the socialists wish to go slowly.

## Raised the Money.

Kansas City, Feb. 18.—A cablegram received by Vice President W. W. Sylvester of the Kansas City, Mexico and Orient, announced the sailing of President A. E. Stillwell for home, with \$3,000,000 raised in Europe from the sale of International Construction company stock. Officials here say that rapid progress is being made in the construction of the road. In Mexico 100 miles is now graded and awaiting the ties and rails. Ties are on the ground and rails have been shipped for this part of the road. In the United States about 300 miles of grading has been finished, bridge timbers and ties are on the ground for 200 miles of this, and the steel for 600 miles has been bought.

## National University.

Washington, Feb. 18.—A new national university bill was introduced in the senate by Senator Deboe of Kentucky, chairman of the committee to establish the University of the United States. It differs from the Dewey bill of last December in that it lessens the number of regents and fixes new limits to the powers of the president of the university. The terms of admission are so modified that candidates for the doctorate in any department must furnish evidence of attainments at least equal to those represented by the degree of master properly conferred. The bill provides for no appropriation from congress.

## Negative Plates Found.

Birmingham, Ala., Feb. 18.—Secret Service Agent McAdams has found the negative photographic plates which, he alleges, were used by W.

## Whitened to Death.

East Liverpool, O., Feb. 18.—John Patch, whose home was in Wellsburg, was killed at New Hamilton, Pa. He was an engineer at the sewer pipe works and got caught in shafting.

## Another Miss Stone Report.

Vienna, February 18.—The Tagblatt says Miss Eliza M. Stone, who was captured by brigands last September, has been liberated.

## East Liberty Markets.

East Liberty, Feb. 18.—Cattle light, steady; hogs fair, slow; sheep light, steady.

## LAST

Man to Leave the  
Trenches  
On Bunker HillNow Lies Buried at  
Fort AmandaWas the Great Grandfather  
of Ex-Treasurer J. B.  
Sunderland.An Interesting Bit of History Con-  
cerning One of Allen Counties  
Oldest and Most Promi-  
nent Families.

Fort Amanda, about 15 miles south-  
west of this city, is the last resting  
place of a probably one of the greatest  
heroes of the Battle of Bunker Hill,  
and the very last man to leave the  
trenches in that memorable night,  
namely Peter Sunderland, the great-  
grandfather of ex-Treasurer J. B.  
Sunderland and C. P. Sunderland,  
of Spencerville.

By the time the British had made  
the third charge up the grade the  
powder supply in the fort had become  
exhausted, and the Americans were  
obliged to fight with bayonets, clubs  
and stones. Mr. Sunderland after ex-  
hausting his own supply of ammunition  
picked up three guns of wounded  
comrades, only to find that each of  
them had been discharged. He tossed  
the fourth gun when a British soldier  
aimed a blow at his neck with a sword.  
A quick turn of the gun caused the  
sword to strike directly in Mr. Sunder-  
land's mouth, cutting each cheek half  
way to the ears. Again the British  
soldier struck and again the blow  
was parried, causing the sword to cut  
through the wall of Mr. Sunderland's  
adonax, but at the same time the sword  
blow proved to be loaded, and the  
barrel entered his antagonist and the  
barrel on the gun was thrust through  
him killing him instantly. The fate  
of this warrior seemed to check the  
other soldiers for a moment, and Mr.  
Sunderland was the last man to leave  
the fortification, escaped to the swamp  
below where he found a man, woman  
and child by Sunderland's hand a large  
handkerchief about his abdomen and  
the two men and the woman swam  
across the pond but the baby had to  
be pitched from one to the other at  
deep places.

On the opposite shore Mr. Sunder-  
land lay concealed in the bushes for  
three days, steadily growing weaker.  
The man and woman having sought  
safety in flight his comrades came  
back daily to search for the wounded  
but he could not make them hear,  
owing to his exhausted condition. On  
the third day he attracted the attention  
of his comrades by breaking  
some sticks and was rescued.

He came to Ohio about 1817 and set-  
tled on land near Dayton. Soon after  
this he came to Ft. Amanda where  
his son, D. E. Sunderland, entered land  
that is still owned by the Sunderlands.  
Peter Sunderland and wife are both  
buried at Ft. Amanda, where a monu-  
ment marks their resting place.

## BASKET BALL

Has Become Very Popu-  
lar GameAnd the Fever is High in  
Lima.A Match Game is to be Played This  
Evening Between the Marion  
Team and the Lima  
Team.

The present season has witnessed  
an increased interest in basket ball,  
not only in Lima but in all parts of  
the country, and the game has de-  
veloped to such an extent that it has  
taken its place in the professional  
ranks, drawing immense crowds in  
the big cities. Locally, the game is  
feverish to a marked extent and  
among the members of the Y. M. C.  
A there are several good teams that  
have developed the scientific points to  
a degree that places them in the  
ranks of formidable rivals.

Just now interest centers in the  
first contest of the season with an out-  
of-town team and this evening the  
quintette comprising the high school  
club will take the measure of the team  
that represents the Marion high  
school. The weekly match games  
have been largely attended and the  
Lima boys have put in much time  
getting themselves in trim for to-  
night's contest. As in all such games  
rooting helps to work enthusiasm and  
there will no doubt be a crowded gal-  
lery, made up in the main of the high  
school pupils who will pull for a Lima  
victory. The very reasonable charge  
of 15 cents is made and in order that  
all expenses may be covered the game  
should be well patronized.

And Snow Piled Up in  
Great DriftsBlockading All Traffic in  
Many of the Cities in  
the East.In Some Places Drifts of "The  
Beautiful" Reached a Depth of  
Twenty-five Feet—Tele-  
graph Wires Down.

New York, Feb. 18.—The eastern  
part of New York state, from this city  
to the Canadian border, was swept by  
a blizzard such as had not been ex-  
perienced for 14 years. Up to mid-  
night reports showed that 16 counties  
had received in full force the effects  
of the gale and the accompanying fall  
of snow. All the eastern tier of coun-  
ties caught the storm, but it did not  
extend to the western portion of the  
state, although it is expected there  
before morning.

There is a sameness about the re-  
ports from the up-state towns. Any-  
where from four to 18 inches of snow,  
wind blowing at a hurricane rate, drifts  
from six to, in one instance 25  
feet deep, are among the features,  
while there is iteration and reitera-  
tion of delayed trains, impeded or  
wholly abandoned trolley service and  
impassable country roads. The latest  
reports indicate that the worst is  
over for the wind is abating and in  
many places the snow has ceased  
falling.

## In New England.

Boston, Feb. 18.—After an unrec-  
orded stretch of clear weather  
dating back to Candiana day, New  
England was blanketed with a foot  
of wet snow and swept by a north-  
east gale. This onslaught of the ele-  
ments impeded traffic and carried  
down the telegraph and telephone  
wires so that many important points  
were cut off. Fortunately there was  
not a large amount of shipping off  
the coast and no marine disaster has  
been reported. The storm center was  
directly over Boston at 8 o'clock p.  
m., with the unusually low baromet-  
er of 28.75 which is nearly the record  
at this station. The wind attained a  
velocity of 44 miles an hour, and at  
8 p. m. the weather bureau reported a  
56-mile gale at Eastport.

## Long Island Snow-bound.

New York, Feb. 18.—Long Island,  
from Montauk Point to Long Island  
city, is snow-bound. The storm kept  
children from school and the schools  
were closed at noon. All lines of  
trolley cars were blocked by drifts  
and efforts to open them were of no  
avail. Many thousands of people em-  
ployed in New York and Brooklyn  
had to turn back unable to reach  
their places on account of the blinding  
snow squalls.

## Storm Signals Hoisted.

New York, Feb. 18.—Hurricane  
warnings were hoisted at Sandy  
hook and New York and many ves-  
sels are detained in port.

## Census Made Permanent.

Washington, Feb. 18.—After an ex-  
tended debate the senate passed the  
bill establishing a permanent census  
office. The discussion related prin-  
cipally to the collection and publica-  
tion by the director of the census of  
statistics respecting the production of  
cotton. Mr. Allison vigorously op-  
posed the provision maintaining that  
the cotton statistics gathered by the  
department of agriculture were com-  
plete and accurate, and that no nec-  
essity existed for their duplication.  
Despite his opposition the provision  
was inserted in the bill. Several  
other bills of importance on the cal-  
endar were passed, among them one  
extending the charters of national  
banks.

## Sale of a Cattle Ranch.

Kansas City, Feb. 18.—The River  
side Hereford Cattle company sold its  
ranch and herd of pure blood Here-  
ford cattle at Ashland Neb., to G. A.  
Ricker, a banker of Quincy, Ills., for  
\$481,000. The cattle sold composed  
the largest herd of pure blood Here-  
fords in the world, and are estimated  
to be worth \$300,000. The ranch con-  
sists of 3,500 acres of land.

## Died of Her Injuries.

## A HASTY MARRIAGE.

And the Bride Was Not the One the  
Groom Sought.

Oliver Cromwell was so great a man  
that he dwarfed his surroundings, and  
it is singular how little the majority of  
people knew about the family and fam-  
ily life of this "most typical Eng-  
lishman of all time." He had three  
daughters, the youngest of whom was  
Frances. Her attractions must have  
been considerable. The young woman  
had several love affairs, but certainly  
the one that had a most amusing ter-  
mination was her flirtation with her  
father's chaplain, Jerry White.

One day the protector surprised Jerry  
on his knees in the very act of kiss-  
ing the lady's hand. Cromwell coldly  
demanded the meaning of the scene,  
and Jerry, with a pretty wit, exclaim-  
ed that he had long been courting  
"that young gentleman, my lady's  
woman," although without success. He  
was now therefore humbly praying her  
ladyship to intercede for him.

Cromwell turned at once to the wait-  
ing woman and requested to be inform-  
ed why she refused the honor his  
friend, Mr. White, would do her. The  
young woman fully equal to the oc-  
casion, replied unanimously that if  
Mr. White intended her that honor she  
would not be so foolish as to deny  
him. "Call Godwin," returned Crom-  
well, and the pair were married  
straightway.

## A REVELATION

When One Goes For Months Without  
Getting a Good Night's Sleep, Re-  
lease is Sweet.

Take away sound refreshing sleep  
and you rob nature of its most nec-  
essary requirement. Feeding and build-  
ing up time that why so many peo-  
ple find their standard of strength wav-  
ing when they cannot sleep well, one  
symptom after another creeps in and  
serious ailments follow that is what  
makes so many feel and look older  
than they are. The perfecting of Dr.  
A. W. Chase's Nerve Pills is a revela-  
tion to this kind. Mr. S. P. Kohn of  
217 Jackson street, Lima, Ohio says:

"The ability of Dr. A. W. Chase's  
Nerve Pills to give quiet, steady  
nerves and restful sleep is most mark-  
ed. I needed both these qualities and  
got a lot of the medicine at Melville's  
drug store and used them with com-  
plete success, sleeping well and feel-  
ing strong and steady as a result of  
their use."

Dr. A. W. Chase's Nerve Pills are  
sold at 50c a box at dealers or Dr. A.  
W. Chase Medicine Co., Buffalo, N. Y.  
See that portrait and signature of A.  
W. Chase M. D. are on every pack-

## Lynch Law.

Lynch law in its usual meaning is  
said to be traceable to a Gidway story.  
In 1893 one James Fitzstephen  
Lynch a mayor of that city sentenced  
his own son to death for murder and,  
feeling a rescue, had the culprit  
brought home and hanged before his  
own door. The tradition may be found  
alluded to in Thackeray's "Irish Sketch  
Book." There are critics however,  
who say that the law was in its origin  
essentially American, and that they  
back to Charles Lynch, a Virginia  
planter of the seventeenth century.

## Cold Cure for Busy People.

Many people neglect a cold because  
they say they have no time to attend  
to it. Krause's Cold Cure is a remedy  
which can be taken without danger  
while performing your daily duties,  
and will relieve the most aggravated  
case in 24 hours. Price 25c. Sold by  
Wm. M. Melville, old post office corner.

## But He Weakened.

"My dear," said the poet sternly,  
"I've just said a love song, but—"  
"But what?"  
"Oh, nothing. I was just about to  
say that I wouldn't buy bacon or  
greens or sell raising flour with the  
money, but—you know best."—Atlanta  
Constitution.

## Something that will do you Good.

We know of no way in which we can  
be of more service to our readers than  
to tell them of something that will be  
of real good to them. For this reason  
we want to acquaint them with what  
we consider one of the very best re-  
medies on the market for coughs,  
colds, and that alarming complaint  
croup. We refer to Chamberlain's  
Cough Remedy. We have used it with  
such good results in our family so long  
that it has become a household neces-  
sity. By its prompt use we haven't  
again prevented croup. The testi-  
mony is given upon our own experi-  
ence, and we suggest that our readers,  
especially those who have small child-  
ren, always keep it in their homes as  
a safeguard against croup.—Camden  
(S. C.) Messenger. For sale by Wm.

## THEORY TO PROLONG LIFE.

Illinois Man Claims to Do It by Will.

That prolonging human life is possi-  
ble through the proper employment of  
one's will power is being put to a prac-  
tical test by S. V. Keller of Medina,  
Ill., who, despite his seventy-one years,  
walks with the elasticity and dash of  
an athlete, knows no ills and expects  
to pass the century mark of time.

Mr. Keller is one of the pioneer edu-  
cators of Muscoupin county and is  
known widely as an advanced thinker  
and a man of remarkable mentality.  
He has made a diligent study of the  
mind and claims many things for it in  
its power over matter. He now ad-  
vances the theory that it is in truth the  
elixir of life, the power that restores  
youth to age, the secret of longevity.  
It is within the power of any one, he  
claims, to exercise this force if there  
is a sufficient understanding of the  
principle and an intelligent applica-  
tion thereof. From twenty to thirty  
years may be added to one's life there-  
by, he maintains.

To illustrate the other rejuvenation  
Mr. Keller the other day in the pres-  
ence of a St. Louis Republic repre-  
sentative flouted his legs and arms  
with the nimbleness and perfect ease  
of a ballet dancer. "See!" he exclaim-  
ed, starting off sprightly across a room.  
"My legs are as free and easy as a  
child's. I am younger than I was thirty  
years ago."

## War on Ragtime Music.

Chicago musicians of the higher class  
—those who have engagements with  
the Thomas orchestra, theater orches-  
tras and concert companies—are dis-  
cussing a plan of forming a new organ-  
ization and seceding from the Chicago  
Federation of Musicians, says the Chi-  
cago Journal. The reason is the feel-  
ing that inferior musicians who play  
for dances and for money rather than  
art's sake make up the body of the  
federation. The others want some dis-  
tinction between the men who play  
ragtime and think it is music and those  
who are called upon to interpret the  
difficult compositions of Wagner, Ver-  
di, Massenet and Gounod. There are  
2,000 union musicians in Chicago, and  
of these 400 or 500 are said to be in  
sympathy with the movement.

## To Estimate Students' Expenses.

President Harper of the University  
of Chicago is making an effort to gain  
an accurate estimate of the expenses  
incurred by students during the study  
at the institution. He has prepared a  
series of questionnaires which the stu-  
dents must fill out covering every item of  
expense from food to tuition fees.

## WHAT YOUR MIRROR TELLS.

It Will Tell a Different Story if You Will  
Use Dr. Greene's Nervura.

Your mirror will tell you the bitter truth. Healthy women look younger  
than their age, but you look far too old for your years. The hand of time deals  
lightly with woman, but the wasting hand of disease spares neither her youth-  
ful looks, beauty, nor complexion. It is the vapid hand of disease which robs  
her of her beauty, yellows and muddies her complexion, lines her face, pale  
cheek and lip, dulls the brilliancy of her eye, which it disfigures with dark  
circles, aging her before her time.

Good health means youthful good looks to every  
woman; and it behooves women to restore and  
maintain their health by taking that greatest and  
best of all health restoratives, Dr. Greene's Nervura.  
Blood and nerve remedy. It will build up  
the health, cleanse and purify the com-  
plexion, restore brilliancy to the eye, make  
rich, red blood and strong, steady, and  
vigorous nerves. Dr.  
Greene's Nervura will  
make you look and feel  
young and restore your  
energies, vivacity, and  
enjoyment of life.

Especially should  
you take this great re-  
storative and invigorant  
now, for everybody needs  
a spring remedy, and this  
is the ideal spring medi-  
cine.

Mrs. Elizabeth D. Berry,  
Hampton, N. H., one of the  
most skillful nurses in this  
country, says:

"Through trouble and over-  
work," she writes, "I grew fear-  
fully nervous, weak, dizzy, faint,  
and exhausted from nervous  
prostration, until I became  
entirely helpless. Thanks to Dr.  
Greene's Nervura blood and nerve  
remedy, I am now so well and  
strong that every one who sees me  
is very much surprised. I would  
like to tell the whole world of women what Dr. Greene's Nervura blood and nerve  
remedy has done for me, and to recommend all women to use this wonderful medicine. I am a  
nurse, and when nursing my sister I gave her this wonderful medicine. She says she  
never felt better than since using it. I gave it also to a lady suffering from grad-  
ing, who could not get help from three physicians. She is now well, strong, and  
lively, and says she should have been in bed for six months if it had not been for Dr. Gre-  
ene's Nervura blood and nerve remedy. I have recommended it to many others with the same  
wonderful success and I would especially say that if women between the ages of 15 and 40  
years would take it there would not be so many of them when they come to the clinic. I have  
heard this wonderful medicine named and blessed everywhere, and I am glad  
to add my testimony to its great value, and truly call it a savior of women."

Women have absolute confidence in Dr. Greene's Nervura, more so than in  
any other remedy, because a famous regular physician writes it is the only  
guaranteed that it is perfectly adapted to cure. As an additional assurance  
Dr. Greene, 101 Fifth Avenue, New York City, gives you the name of a  
physician consulting him without charge, either by calling or writing about your case.

EVERY WOMAN  
Should use Dr. Greene's Nervura blood and nerve remedy. Only the  
genuine Dr. Greene's Nervura blood and nerve remedy is sold for \$1.00 per box.  
For sale by Wm. Melville, corner of Main and High Sts.

Fifth ward.—The house of Mr. J. J. Moore, corner Main and Vine streets.

Sixth ward.—Bank's barber shop, High street.

Seventh ward.—Court house basement.

Second.—Said primary election shall be held on the third (3rd) day of March, A. D. 1902, between the hours of 8 o'clock p. m. and 8 o'clock p. m., standard time.

Third.—The committee from each ward or precinct may act as judge.

Fourth.—The committee shall select a judge and clerk or clerks to assist in said election, and in case of failure or neglect on the part of such committee to so appoint, it shall be the duty of the chairman of the Democratic City committee to make such appointments.

Fifth.—Upon the discharge of their duties such judges and clerks shall be duly qualified and shall take oath that they will correctly and faithfully conduct said election, protect it against fraud and unfairness, and carefully canvass all votes cast thereat, by the rules and regulations adopted by the committee. The oath shall be administered by some officer duly authorized to administer oaths and the same shall be attached to and made part of the returns.

Sixth.—In case of any dispute as to such returns the committee shall canvass the returns and declare the result.

Seventh.—The following shall be deemed to be qualified to vote at said primary election: (1) All those who are known to be Democrats. (2) All those not known to be Democrats who, at said election, declare that they voted the Democratic state ticket at the preceding state election.

Eighth.—Those who are not known to be Democrats and who declare that they will cast their first vote at the coming primary election, who will pledge themselves to vote the Democratic ticket. (4) All Democrats entitled to vote as voters in the fourth and all female voters who are known to be Democrats or who shall under oath declare that they are Democrats and will vote at the Republican primaries in 1901, shall be entitled to vote for nomination for member of School Board in the Second, Fourth and Sixth wards.

Ninth.—Qualified voters shall vote in the wards in which they have legal residence.

Tenth.—The judges and clerks shall make a correct poll book for said primary election and a separate poll book for the nomination of Members of School Board in which such members are to be nominated at said primary election in each of which shall be recorded the names of the persons voting thereon respectively at said election and they shall immediately after the close proceed to count the ballots cast thereat and make correct tally sheets of the same showing the exact number of votes cast for each candidate, which tally sheets and poll books shall be signed and voted up with the ballots cast at said election and the same shall be immediately delivered to the chairman of the Democratic City

committee at the assembly room of the court house where the result will be made known. Any candidate upon said ticket may be present at the count of said vote, either in person or by one Democratic representative whom he shall empower therefor in writing.

Seventh.—The Central Committee will have a sufficient number of tickets printed and delivered to the committeemen of each ward precinct. No candidate is allowed to have any tickets printed and no tickets shall be used except such as are authorized by the said Central Committee.

Eighth.—The candidates must pay the assessments to John H. Klatte, secretary of said committee, at the office of J. D. Armstrong, chairman of said committee, on or before eight o'clock p. m. of Monday, the 24th day of February, A. D. 1902, or their names will not appear on the primary ticket.

The above and foregoing was adopted by the City Democratic Central Committee, of Lima, Ohio, at a meeting held on Friday, February 14th, A. D. 1902.

J. D. ARMSTRONG, Chairman.  
 JOHN H. KLATTE, Secretary.

In a Philippine precinct where there were 84 voters 89 were recently cast. This is hardly consistent with the Republican pretense that they are not capable of self government. They at least have already caught on to a few of the political tricks.

There was scant courtesy shown in the federal senate to the proposition to increase salaries of members of congress by 50 per cent. It was defeated by 44 to 15 when offered as an amendment to the judicial salaries bill. So fades away the nebulous prospect of another salary grabbing scandal in national halls of legislation.

In his weekly letter, Henry Clews, the Wall street banker, utters certain words that sound ominous coming from that source. He has been a persistent "bull" of good times, but now he says:

"A much more careful feeling is noticed in mercantile circles, where high prices on merchandise are beginning to show their effect in lessened sales and diminished consumption. There is no occasion to believe that the end of good times is at hand; but here and there signs of having touched high water mark are multiplying, and it is becoming clear that activity can only be continued by bringing prices down to a more level. We are now approaching the dull trade season, and during the next six months much will depend upon the crop outlook."

## BIG TIME

To be Held by the Elks Thursday.

Thirty-Six Candidates to Don the Antlers.

Session to Begin Promptly at One O'clock in the Afternoon—Social Session to be Held in the Evening.

Thursday afternoon and evening the members of Lima Lodge No. 164, B. P. O. Elks, will enjoy a record-breaking class initiation at their lodge rooms on south Main street. They will have a class of 36 candidates for initiation and the fun will begin promptly at 1 o'clock in the afternoon. Only a few of the victims will be held in reserve for the evening session and the members are all urged to turn out early at the afternoon session and witness the slaughter. The new paraphernalia has arrived and the team is full of ginger for the work. There is also some very important business to be taken up before the work begins and it is equally important that all members should be present promptly at 1 o'clock.

In the evening after the ritualistic work shall have been completed, the members of the social session committee have a few things up their sleeves that will serve to entertain the brothers. An interesting program has been arranged and as a special feature, Mr. James Edwards, a professional black wire performer who is spending a vacation in the city, will do an aerial walking, balancing and juggling act, the like of which has never been seen in Lima and he will be followed on the wire by Messrs. Lutz and Woerner in their famous word juggling turn.

Come out, all youse fellers, and see to it that the horns are properly placed on the candidates.

A sound mind in a sound body is the greatest blessing humanity can be endowed with. It insures success in life. Take Rocky Mountain Tea, the advance agent of success.

Tells About West High Street.

It Cost More

Money by Many Thousands and Dollars

Than was Paid for Similar Work Done in Smaller Places.

A Pungent, Pithy Communication from the Pen of T. A. Robinson Upon an Important Subject.

The writer was in a small town a few days ago, where they were finishing up a job of paving and on making some inquiries of the contractor and engineer, I found they were putting down a 4x12 inch asphalt block, made by the same people who furnished the west high street block, putting it on an 8-inch crushed stone foundation, complete for \$2.41 1/2 per square yard. I asked the contractor, who seemed to be a very clever gentleman, how much he could afford to pay (if it was necessary), committees, engineers, solicitor and members of council, "if anything," and he said "Not a dollar, at this price. However, we are well satisfied to take work at this figure but we have to have it all." Now this was a revelation to me. It is hard for a Limaito to understand how he could get a job. Compare these prices with what it cost to pave west high street, estimated at \$1,800, and I hope we are not paying for a few thousand yards to be done on some other street next summer.

I don't believe the contractors would ask it, as they are good fellows, and I think well of them. They fully understand, I think, the most important part of the paving business, from their standpoint, (Reciprocity). It cost in round numbers, \$50,000 to pave west high street, and it may appear thin to our neighboring cities, but we have a 3x12 inch block laid flat on a 6-inch foundation of crushed stone, and the stone was crushed, that was all, in size anywhere from a French pea to a chunk of ice. Now if we were getting what the country towns around us get for the money we pay we would have for our paving on west high street a 4x12 inch block asphalt on an 8-inch crushed stone foundation for less than \$50,000.

Now you will notice we get one-fourth less in material but pay more for it, and if you will go over these figures carefully you will find the paving on west high street has cost over \$16,000, more than a like improvement would cost in other places, allowing that we get one-fourth loss in material, which we do. If these figures are not correct I make it just as good as I can. I got these figures from a tabulated statement furnished me by an engineer, (who was no child's plaything) of all bids received on paving the streets I refer to, and the price at which it was let; also a copy of the specifications, etc., which I will be pleased to show anyone.

Now, if the outside town contractor could not pay a dollar on the price he goes to any official, how much could a Lima contractor, at Lima prices for paving, pay here is a proposition for some good arithmetician to report on later. If any one cares to know, however I might give him a nudge to start from.

I met a gentleman last fall, whose name I cannot just remember, but it was not Black or Brown, but I think it would harmonize nicely with these colors, who had done some work in Lima, and in a soft, gentle voice, full of pathos and sympathy, he said that when he had to "put up more than twenty per cent of the gross amount received for the job, to get it, he figured no more on work in that town, and in the kindest way possible he said, "I will be too busy to do any work in Lima till you have an election." He was so modest and nice about it, I could not feel hurt, and don't you, for I think he was honest in what he said; I don't think he thought how awful it sounded.

Now the fact that our paving is, by some good engineer considered a little weak and thin is no good or valid reason that our officials are. I am well satisfied some are quite strong at least on a paving vote. See the vote to pave west high street with asphalt block made by the Lake Erie Asphalt Co., and I understand the old block the specifications called for bids on.

It is wonderful how cheap you get

## MODERN

And Complete in Every Detail

Will be the New Clothing Store Soon to be Opened by Mr. Sol Wiesenthal.

Within a few weeks Lima is to have a new clothing and men's furnishing store which will equal anything of its kind in this part of the state and therefore be a credit to this city and a source of pride to the Lima people, as well as to the proprietor, Mr. Sol Wiesenthal.

For the past twenty years Mr. Wiesenthal has been in the clothing business in Lima, and in that time he has built up such a substantial trade through legitimate dealing and honest methods, that today he finds his former place of business far too small to accommodate the ever increasing patronage, the result of "doing as one advertises."

This being the case, Mr. Wiesenthal has decided to enlarge his store and changes are already under way by which the Wiesenthal clothing store of the future will be a model in every respect. The wall between the old store room and the room formerly occupied by Dasinger & Cameron, has been removed and other improvements will follow this very important change. The frontage will be about 30 feet, and the display windows about 7 feet deep.

During the next thirty days the people of Lima will have an opportunity to buy clothing for men and boys at 25 per cent off the regular price. Keep in mind that Mr. Wiesenthal always has and always will conduct his business on legitimate lines and when he advertises one-fourth off the regular price, you will find such the case when you call to lay in a supply of clothing for this and next year.

When completed, the new store will be resplendent in its new colorings and modern arrangements. The Lima people cannot but help show their appreciation of such progressiveness as is being demonstrated by Mr. Sol Wiesenthal.

# ROYAL Baking Powder

## Makes Clean Bread

With Royal Baking Powder there is no mixing with the hands, no sweat of the brow. Perfect cleanliness, greatest facility, sweet, clean, healthful food.

The Royal Baking Powder Cook—containing over 100 most practical and valuable cooking receipts—free to every reader. Send postal card and name to: J. H. BAKER, NEW YORK.

Alum is used in some baking powders and in most of the so-called phosphate powders, because it is cheap, and makes a cheaper powder. But alum is a corrosive poison which, taken in food, acts injuriously upon the stomach, liver and kidneys.

### Chased the Guests Out Early

### At the Norval.

### A Fire Started in the Hotel Kitchen

### And the Guests Ate Their Breakfast at Another Hostelry.

### Kitchen was Seriously Damaged by the Flames But No Damage was Done to the Main Portion of the Building.

About 4 o'clock this morning the guests at the Norval hotel were suddenly and somewhat rudely awakened by the shrill voice of the youthful bell boy who rushed through the halls on the upper floors and informed them that the building was on fire. The warning was warranted but there was no immediate danger and as no one became frightened, the guests took time to properly attire themselves in presentable garments and there was very little excitement and practically no commotion. There was no fire in the hotel proper and no smoke to startle any but the most timid of the numerous guests.

The fire had started near the range in the hotel kitchen and had spread along the woodwork between the walls, the outside of which are covered with corrugated iron. The kitchen is situated in the rear of the hotel proper and was discovered in time to prevent any danger of the flames reaching the main portion of the building before they could be subdued by the firemen. The department did, however, had considerable trouble in extinguishing the fire that erupted around the walls and between the ceiling and the corrugated iron roof, it being impossible to reach the flames until the men had cut holes through the iron. Two streams of water were turned on and the firemen fought the fire for two hours before the last stream was turned off.

The kitchen was pretty thoroughly gutted and considerable damage was done to its furniture and other equipment. The damage was so extensive that the morning meal could not be prepared or served in the hotel and the guests were sent to the Lima House for breakfast and dinner and will probably take supper at that hostelry but tomorrow's breakfast will be served at the Norval. The damage resulting from the blaze is covered by

## INSURANCE. Plans for the construction of an addition to the hotel building are now being considered as the kitchen will probably be removed.

### FIREMAN

### Bussert's Injuries are Rather Serious, His Left Side and Lung Being Effected.

### The Boilermakers of the C. H. & D. Object to Being Paid by Piece Work—Other News of the Shops.

H. N. Bussert, the C. H. & D. fireman who fell from the tank of his engine at the Ottawa water plug last Thursday, is injured internally. He received the weight of his fall on his left side which injured his lung, but to what extent it can not now be stated. It will be some time before he can resume his duties on the road again.

**General Notes.**  
The C. H. & D. boiler makers are having a lively discussion over the proposition that they are to be paid by piece work. E. E. Ayers, the present foreman, is talking up the change very strongly along the line of the Panhandle, for which road he formerly worked. The boys do not take to the idea and many of them declare that they will resign if the change is made.

Wm. Neubright, of the C. H. & D. shops, who was injured a few days ago by a fire falling on him, has recovered sufficiently to resume work.

Engine 362, the third of the five fine new freight locomotives built at Pittsburgh, arrived yesterday. The two recently received are now doing regular duty.

Ex-Officer Billie Burns has resumed his position in the C. H. & D. boiler shop.

H. A. Singleton, engineer on the C. H. & D., is confined to his home on north Elizabeth street, suffering from an attack of neuritis.

Conductor Asa W. Nims, of the C. H. & D., who has been confined in the city hospital with a severe attack of rheumatism, has been removed to his home on north West street, where he is slowly improving. He will not be able to resume his run for several weeks.

O. W. Bates, inspector of paving in Chicago, was the guest Sunday and Monday of C. H. & D. conductor Chas. Collier and family, of east McKibben street.

### Across the State and Back

### By the Sheriff

### In Compliance With Indiana Red Tape.

### Took Some Close Figuring to Get Coffeen Back to Lima Again

### But the Sheriff Got There, With a Few Hours to Spare, and the Ex-Soldier is Now Safely Behind the Bars.

Sheriff Barr returned home from Marion, Ind., last night and accompanying him was Earl Coffeen, the ex-Philippine soldier, who disgraced his uniform while in this city by stealing a couple of watches one from an inmate of the Chaney resort on Pennsylvania avenue and the other from a boarder at the Harrod house. The particulars of the offense with which Coffeen is charged have been told, but the details of his arrest at Marion and his subsequent return to Lima form another interesting chapter.

The laws of Indiana make it a decidedly difficult matter to get possession of a prisoner wanted in another state if the prisoner, aided by a shrewd attorney, endeavors to cheat justice by obstinately refusing to accompany the officer without the necessary requisition papers. This was the stand taken by Coffeen, and although Sheriff Barr used every effort to get him to change his mind, the young man's mother and his attorney were obdurate and demanded the transfer from the governor. It was evident that Coffeen's attorney intended to take advantage of some technicality in order to effect the release of the prisoner, and Sheriff Barr put the matter into the hands of the Marion prosecutor, who rendered such assistance as he could. One of the Indiana laws governing the prosecution of criminals, provides that a prisoner must be arraigned within twenty-four hours after his arrest, and it was the opinion of Sheriff Barr that Coffeen's attorney was only waiting for him to get out of the city when a writ of habeas corpus would be issued and the prisoner released. To prevent that dodge the sheriff had Coffeen arraigned before a justice of the peace, and then the Marion attorney demanded immediate trial. Sheriff Barr asked for a continuance until Tuesday afternoon and after considerable argument the justice agreed to a continuance until Monday evening at seven o'clock. Sheriff Barr had then from Saturday afternoon until Monday evening to go to Columbus, from there to Indianapolis and back to Marion. He caught the first train out of Marion for Lima, reached here at midnight and got the necessary papers, left for Columbus Sunday morning and at three o'clock was rushing westward again for Indianapolis. His mission with the governor of the Hoosier state was soon accomplished and at one o'clock Monday afternoon he was in Marion, armed with the necessary transfer, much to the discomfiture of the attorney who had made all of the red tape formulas necessary.

When Coffeen was first apprehended at Marion he agreed to come to Lima without the trouble of getting the consent of the two governors and it was not until the sheriff had arrived that he was made aware of the change in the program. Coffeen acknowledged that if he had known there was a warrant out for him he would have put several more states between himself and Lima.

**The Divorce Mill.**  
The trial docket made up for the present term contained twenty-eight divorce cases, including those that have been filed within the past few days, and out of that number eight have been heard and decrees granted. With a single exception the plaintiffs in the case was the wife.

**Ditch Case Heard.**  
The county commissioners had the Shoemaker ditch case up for hearing yesterday and upon the report of the engineer ordered its construction and set February 25 as the date of its sale. The ditch is located in Marion township.

**Applies to the Court.**  
In the matter of the receivership of the Oak café, which is styled L. M. Brooker vs. Geo. W. Courson, John E. Summers is made a party defendant and comes into court with a demand on the receiver, Frank E. Baxter, of the sum of \$15, the amount being part

payment on an alleged claim against Fred Courson for \$75. Summers says that Courson was employed by the receiver and had on the 7th of September, 1901, owing him. On demand made by Summers, Courson had given Summers an order of the receiver for \$15, which the latter accepted, but has refused to pay. The court is asked for an order compelling him to do so.

**Not Definite Enough.**  
A motion has been filed by the defendant in the case of A. A. Wood vs. Geo. H. Wood asking that the petition of the plaintiff be made more definite and certainly stating how and under what circumstances, if any, there is any thing due him as administrator, for the sale of certain personal property belonging to the estate he represents.

**Not Proper Service.**  
Richie & Ritchie, representing the O'Dell Commission company, this morning filed two motions on behalf of the defendant, in reply to the petition of H. D. Campbell and B. F. Boutell, attacking the service. It is represented that the service was not made within the required sixty days and that the clerk had no jurisdiction or authority to issue the alias summons under which the pretended service was had.

**Wife Deserted Him.**  
Arthur Fensler wants a divorce from Emma Fensler on the ground of desertion. In the petition, filed today by Sprague & Lippincott, the plaintiff states that he married the defendant August 1, 1900, at Bluffton and that they have one child now a year old. Four months after the marriage Fensler says his wife deserted him and they have not lived together since December 22, 1900. He declares that he provided a good home for his wife and was a kind and affectionate husband.

**Inventory Filed.**  
Henry Grotz, Elias Stettler and Elias Huber, who were appointed to appraise the personal estate of Peter M. Neuenschwander have filed an inventory in Probate court, the total valuation being \$1663.96.

Application was made by Noah Neuenschwander for the appointment of a guardian of the minor children. In order that the bond might be fixed an appraisal of the property shows, in addition to the personality, 150 acres of land valued at \$7,000 and an income of \$350 a year from oil leases.

### LECTURE

### To be Delivered by Rev. Father Brady.

Rev. Father Brady, formerly assistant of St. Rose parish, will give a lecture in St. John's church on March 4 on "The Two Stone Monuments of Ireland." Admission 50 cents. Tickets on sale at Vorkamp's drug store and J. M. Arndt's grocery.

### THE STAGE.

**Big Sale of Seats for De Angellis.**  
There is a big sale of seats for Jefferson De Angellis and his company in "A Royal Rogue," and the indications are that he will be welcomed by a large and fashionable audience on Wednesday night. There is no form of entertainment more popular here than comic opera and there is no one who presents it more sumptuously or adequately than Jeff De Angellis. He has been identified with the best comic opera in this country for the past twenty years and for the past five years has been recognized as the leading operatic comedian of this country. His new success, "A Royal Rogue," is the best vehicle he has ever had. It will be magnificently produced, with handsome scenery, beautiful costumes and a chorus of pretty girls.

### BARON ALVERSTONE.

Recently Elevated to the English Peerage.

If you should talk about Baron Alverstone in this country it is quite likely that few would know the man that was meant. Formerly and better known than Baron Alverstone, he was Sir Richard Webster, Lord Chief Justice of England. When this eminent jurist was counsel for Mrs. Maybrick in 1889 he made a hard fight to get this woman out of an English law's clutch. Persistent in his belief that she was innocent of the charge of poisoning her husband, he has made many thousands of friends in America. The same thing can be said for "The Girl From Chilly," which had a run of 238 nights at the Strand Theatre, London, before being produced in this country, that it has made thousands of firm friends in America during its tour here. It will be seen in this city before many days and "Wise is the man who knows what is best worth knowing and does what is best worth doing."
